Bangalore, 7th June 1884.

SECTION SR.
FILE No. 3083
SERIAL No. 2

The Dewan
of Mysore

Sir,

I am desired by the Resident to acknowledge the receipt of your letter № 7. dated 7th May 1884, in reference to the proposed arrangements for the separate collection of the Revenues of the Assigned Tract.

2. In regard to the refund to which the Contractor is entitled of one anna per rupee of duty on arrack realized over and above the amount of guaranteed Revenue, I am desired to observe that the matter does not appear to be one of much importance, but Mr. Lyall does not see how he can be asked to allow the refund unless the Station Revenue shares in the benefit of the guarantee for which the refund is the consideration. The sale in the Civil and Military Station is much steadier and more certain than in the rural districts and a guarantee is not necessary in the interest of the Civil and Military Station. If however the Durbar were to propose to allow the Station Revenue a share in any such payment made by the Contractor

ue of the guarantee proportionate to
Station's share of total consumption,
Lyall might in that case agree to the
osal of the bonbar to the Station Revenue
ing the are anna refund of duty on
nes in excess of guarantee. But the
ident would prefer having no interest
the guarantee as the simpler plan,
I he understands that you are of the
ne opinion.

With reference to para 5 of your letter,
n to state that the Resident would
er paying a fixed share of the cost of
Excise Establishment, re-adjustable
n time to time if the pay of the Establish
nt is altered or if the proportion of
ome of the Civil and Military Station
Mysore alters seriously.

I am to add that Mr. Lyall agre
ie suggestion that a proper system of
ck should be adopted upon the quality
d quantity of beer issued from the
ueries for consumption, and that
Collector of the Civil and Military
ction will be requested to place himself
Communication with the Deputy-
missioner of Bangalore with a
w to the necessary steps being taken
the matter. Mr. Lyall intends that the
llector shall avail himself of the service
the Distillery Establishment for testing
er issued and sold within the Station

5. In

5. In conclusion, I am to state that the further communication promised in para 2 of your letter under reply in regard to the sale of stamps is awaited.

I have the honor to be,

The Asstt to the Resident
in Mysore

Sir: With reference to your
(2) letter No 588/80 of the 7th June
1884, and reminders ending
with your No 50/199 of 12th
January 1886, I have
the honor, by desire of
the Dewan, to state that
the Durbar, agreeing
with Mr. Lyall that the
question referred to
in para 2 of the letter
of the 7th June 1884 was
not one of much im-
portance, did not
wish to move further
in the matter.

2. In regard to the
charge on account

Establishment referred to in para 3 of the letter quoted above, the Durbar agreed to Mr Lyall's proposal to pay a fixed share of the cost of the Excise Establishment, and the Mysore State has accordingly been receiving from the Civil and Military Station 58 per Cent of the Jesters' pay and horse allowance, and 36 per Cent of the cost of the remaining Establishment. The Establishment maintained at the Central Distillery, Bangalore, is shown in the margin.

The Assistant to the
Resident in Mysore

Sir,

In reply to your letter
No. 1731 (4)
1995 of the 15th June 1886,
I am directed to inform
you that the percentage
of the cost of the
Bangalore Distillery/
Establishment chargeable
to the Civil and Military
Station was fixed with
reference to the consumption
of arrack in the Station.
The total issues in
1882-83 amounted to
210,637 gallons, of which
75,151 gallons or nearly
36 per cent were consumed
in the Civil & Military/

5/8/86

Station, and the share of the cost of the Establishment payable by the Station was accordingly fixed at 36 per Cent –.

2. The consumption of arrack in the City of Bangalore in the year 1882/3 amounted to 31,281 gallons, or nearly 42 per Cent of the quantity consumed in the Station as above mentioned. The Tester being solely employed for testing the liquor issued to the City and the Civil and Military Station, his pay and horse allowance amounting to Rs. 45 per mensem were accordingly distributed between the City and the Station in the proportion of 42 per Cent to the former and 58 per Cent to the latter.

8/12/86 RK

TO

The Dewan of Mysore.

Dated, Bangalore, 4th December 1886.
Desp. 7 — " —

SIR,

With reference to the correspondence
ending with letter No: 807 dated 19th
October 1886 from your office, regarding
the proportionate cost of the Distillery
Establishment which should be charged
to the Civil and Military Station of
Bangalore, I am directed to state that
Mr Lyall thinks that the percentage
of the cost of Distillery Establishme

might be settled every three years on the basis of the proportion of quantity of arrack consumed in the Civil and Military Station as compared with the quantity consumed in the Mysore State during the preceding three years-

2. If you concur in this view, I am directed to point out that during the next three years the percentage, based on the figures furnished in letter N° 807 dated 19th October 1836 from your office, would be 33% of the cost of establishment and contingencies and 1/2% of the Tester's salary as the proportionate share of the Civil and

Military Station of Bangalore -

I have the honour to be,
Sir,
Your most obedient Servant,

SUB NO. 9
Cl(8)

With reference to your letters No. 3229/1995 and 1865/1995 of the 4th Decr 1886 and 19th January 1887 respectively, I am desired to forward herewith a copy of the Dewan's Memorandum dated 20th December last, from paras 15 and 16 of which it will be seen that during the term of the next Arrack Contract, the Durbar propose, with the concurrence of the Resident, to levy a Cess of 6 pie per gallon made of Establishment charges on all arrack issued for consumption in the Civil & Military Station, in lieu of the

now paid by the Station

I have the.

W.

Chief Secy

MEMORANDUM.

The existing arrack contracts of the different Districts of the Province will expire on the 31st March 1887. The arrangements previously in force were revised when these contracts were given out, *vide* Proceedings No. 5686—103, dated 21st January 1884. I consider a further revision now desirable in the interests of the arrack revenue.

2. Up to April 1884, there were 5 Distilleries in the Province for the manufacture of arrack, namely :—

Single contract for the whole Province.
Abolition of Shimoga Distillery.

(1) Bangalore,
(2) Mysore,
(3) Shimoga,
(4) Chikmagalur, and
(5) Chitaldroog.

3. With a view to bring the manufacture and issue of arrack under a centralized system of efficient control, the Distilleries at Mysore, Chitaldroog and Chikmagalur were abolished in 1884. The Bangalore Distillery now supplies all the Districts of the Province except Shimoga and Kadur which obtain their supply from the Shimoga Distillery. The advantages of a single Central Distillery are fully detailed by me in Proceedings dated 21st January 1884. The only reasons which were advanced for the retention of a separate Distillery at Shimoga for the supply of the two western Districts were (1) the high cost of carriage from Bangalore to Shimoga and places beyond it, and (2) the fact that a large quantity of jaggory was available in the Shimoga District for distillation purposes. With the extension of the Railway, the cost of carriage will diminish and the surplus jaggory produced in the Shimoga District is sure to find a sale in the local markets as well as in the adjoining British Territory. At present, the distant parts of Chitaldroog and Hassan are supplied from Bangalore, and I apprehend no difficulty in supplying Shimoga and Chikmagalur also from Bangalore. The cost of carriage will not unduly trench upon the contractor's margin of profits.

4. Under such circumstances I propose to abolish the Distillery at Shimoga from 1st April 1887, and to invite tenders for the exclusive privilege of manufacture and wholesale vend throughout the whole of the Province, including therein, as agreed to by the Resident, the Civil and Military Station of Bangalore. The manufacture will be carried on at the Government Central Distillery at Bangalore and the contractor will be bound to maintain always at least 10 days' supply at all wholesale Depôts.

5. The present rates of duty and wholesale prices are shown below :—

Uniform rates of duty, wholesale and retail prices.

		Duty per Gallon. Rs. As. P.	Wholesale Prices per Gallon. Rs. As. P.
(*a*)	Bangalore City and Civil and Military Station.	3 5 0	4 6 0
	Town of Mysore ..		
(*b*)	Remainder of the Bangalore D		
	Kolar District ..	4 0	3 6 0
	Tumkur District ..		
	Remainder of the Mysore Dist		
	Hassan District ..		
	Chitaldroog District	12 0	4 6 4
)	Shimoga Town ..	2 0	3 14 0
	Remainder of the Shimoga Di	0 0	4 6 4
)	Chikmagalur Town..	4 0	3 14 0
	Remainder of the Kadur Dist		

6. These variations of rates are not really required and they could be abolish- and one uniform rate adopted for the whole Province with considerable lvantage to the revenue. From and after the 1st April 1887, a uniform rate of ıty, *viz.* Rs. 3—5—0 per gallon, inclusive of local cess, will be levied on *all* rack issued from the Bangalore Distillery to any part of the Province hatsoever. The wholesale price will be raised to Rs. 4—6—4 throughout the ovince, and the retail price fixed at Rs. 5—0—0 per gallon.

7. It will be seen from the statement appended to the preceding para that the amount allowed to the contractor for cost of manufacture and profits ranges from Rs. 1—12—0 per gallon in the Shimoga District to Rs. 1—1—0 in the Towns of Bangalore and Mysore. The cost of manufacture, including carriage, establishments and house rent incidental thereto, amounts to not more than 11½ annas per gallon as shown in the margin. The net profit to the contractor varies therefore from 5½ annas in the above mentioned Towns to Rs. 1—0—6 in the Shimoga District. Mr. Dalyell considered that 5 annas per gallon was a fair margin of profit to the distiller and Sir Richard Meade was of the same opinion. *Vide* Proceedings No. 6953—R. 62, dated 21st March 1874. In Madras the margin left for contractor's profits is even less than 5 annas as he is bound to sell the liquor to the wholesale vendors at 12 annas per gallon. In Mysore during the next contract, the contractor's profit will be Re. 0—5—2 as shown in the margin.

	Per Gallon. Rs.	As.	P.
Jaggory	0	8	0
Bark	0	0	1
Wood fuel ...	0	0	5
Cost of wholesale vend...	0	0	5·6
Establishments ...	0	0	5·1
Cartage to Depôts ...	0	0	3·5
Stock and block ...	0	0	2
House rent and all other contingencies ...	0	1	7·8
Total.....	0	11	6

Distiller's Costs.

	Rs.	As.	P.
Cost of manufacture ...	0	11	6
Government duty ...	3	5	0
Distillery rent ...	0	0	2
Charge on account of Establishment ...	0	0	6
Total.....	4	1	2
Wholesale Price.....	4	6	4
Difference, *i. e.*, contractor's profits	0	5	2

This gives to the contractor, on an average issue of 2,61,000 gallons, an annual net profit of Rs. 84,000, which I consider very liberal, as the capital required for working the contract is not much more than two lakhs of rupees.

License fees.

8. A fee of Rs. 2 per month is now charged for licenses for wholesale shops. This will not be interfered with.

9. From retail shops in the City and in the Civil and Military Station, a license fee of Rs. 15 per month per shop as well as a fee of 4 annas per gallon on sales in excess of 60 and 55 gallons per month, respectively, is levied and credited to the Municipalities of those places. This arrangement will continue.

10. The following rates of license fees are now levied from retail shop-keepers at other stations, namely :—

	Per month per shop. Rs.
In Mysore Town	15
At all Taluk Kasbas	10
At all Hobli Head-quarters	6
In Villages	2

11. In addition to the above license fees, a fee of 4 annas per gallon is levied from the retail shop-keepers on sales above a fixed quantity, as follows :—

In the Town of Mysore—On sales in excess of		60	gallons per month.
At Taluk Kasbas	do	40	do
At Hobli Head-quarters		24	do
In Villages		8	do

12. The revenue from license fees on retail shops throughout the Province, excluding the City and the Civil and Military Station of Bangalore, amounted in 1885—86 to Rs. 31,889, and the charge on excess sales to Rs. 11,368; total Rs. 43,257.

13. The profits of the retail vendor amount to 10 annas per gallon. On the total quantity of arrack consumed in 1885—86 (*viz.* 159,352 gallons), the profits amounted to Rs. 98,763, out of which the vendors paid to Government as above stated Rs. 43,257 or 44 per cent in the shape of license fees and charge on excess sales. On an average, each retail vendor sells about 20 gallons per month, which gives him Rs. 13; but deducting what he has to pay to Government for license and other fees, his net profits amount to only Rs. 7—4—0 per month. In villages, the profits are even smaller, as the sales are usually less than 20 gallons. Under such circumstances, these fees will be abolished, and in lieu thereof, a small cess of 2 annas per gallon will be substituted from 1st April next, and will be recovered from retail vendors through the contractor. The new cess would only yield Rs. 19,919, but the relief thus afforded to the retail vendor is, in my opinion, essential in the interests of the arrack revenue. On an average the retail vendor will get Rs.* 11—8—0 per month, instead of only Rs. 7—4—0 as at present. This arrangement will not affect the City and the Civil and Military Station of Bangalore as already stated.

Rent for Distillery buildings.

14. The contractors at present pay a rent of Rs. 150 per mensem for the use of the Distillery buildings. This is very low, considering the cost of the buildings which has amounted to Rs. 53,500 up to date, and the expenditure to be hereafter incurred for securing a good water-supply. For the next 3 years, the rent will be fixed at Rs. 250 per mensem. In Madras, a cess of one anna per gallon is charged for the use of the Distillery premises and all contingencies connected therewith, in addition to a rent of Rs. 50 per month and a godown rent at the rate of Rs. 3 per hogshead or $10\frac{3}{5}$ pie per gallon on liquor kept in the Distillery for more than ten days after manufacture. The rent of Rs. 250 proposed to be charged in Mysore represents a cess of only two pies per gallon. To this must be added the six pie establishment cess referred to in the next para. This combined levy is much less than the Madras cess and rent and other charges above referred to.

Six pie cess for Establishment.

15. The Distillery and District Excise establishments now cost Rs. 14,604 per annum. To ensure proper supervision and to check illicit distillation, an increased establishment is essential. I agree to Major Macintire's proposals for an increased establishment costing Rs. 22,548 per annum. It is only right that the contractors should contribute towards the cost of the establishment which is maintained as much for the security of the Government revenue as in the interests of the contractors themselves. A small cess of six pies per gallon will accordingly be levied for the present, that is, during the next contract. Calculated on the issues of the year 1885—86, this cess would yield for the whole Province Rs. 8,230 per annum.

Contribution for Establishment charges paid by the Civil and Military Station.

16. The Distillery establishment at Bangalore now costs Rs. 464 per mensem, and 36 per cent of this amount is charged to the Civil and Military Station. In addition to this, there is a Testor on Rs. 45 for testing liquor issued to the City and the Civil and Military Station, and 48 per cent of his pay is debited to the Station. In Assistant Resident's letter No. 3229—1995, dated 4th December 1886, it is proposed that the contribution payable by the Civil and Military Station for the next three years should be 33 per cent of the cost of the Distillery establishment and contingencies and 54 per cent of the Testor's salary. Applying this rate to present establishment, the contribution would amount to

* Note—Out of this sum again the retail vendor has to pay for his account books, measures, oil and other contingencies. Mahatar[illegible]

Rs. 2,124. As the contract will include Shimoga and Kadur Districts, this percentage will have to be altered with reference to the following figures :—

	Gallons.
Average yearly issue for the whole Province for the last three years	261,076
Average yearly issue to Civil and Military Station for the last three years	73,663

Thus 28 per cent of the cost of the increased establishment is debitable to the Civil and Military Station.

This amounts to Rs. 2,292, to which should be added 54 per cent of the Testor's pay or Rs. 583 ; total Rs. 2,875. On the other hand, the 6 pie cess calculated upon the average of the last 3 years' actual issue would be Rs. 2,301. The Durbar will however be willing to accept for the next 3 years the 6 pie cess on Station issue (about Rs. 2,301) in lieu of a contribution, which as above calculated amounts to Rs. 2,875.

Upset amount for minimum guarantee.

17. A limit of 7½ lakhs of rupees based on an average of the past 6 years is fixed for the minimum annual revenue to be guaranteed by the tenderers, and no tender which guarantees a lower sum will be considered.

Other provisions.

18. Clear rules should be laid down on the following points :—

(1) the adjustment of duty upon excess sales at the end of every month ;

(2) the commencement of distilling operations by the new contractor before 1st April 1887 ;

(3) the transfer of stock and block from the old to the new contractors ;

(4) the keeping of regular accounts by the contractors and furnishing copies of them to Government officials ;

(5) the lining of vessels with tin ;

and (6) the maintenance of an adequate supply of liquor at wholesale depôts.

This is done in the Notification proposed to be issued.

19. Provision is made for the manufacture and sale of milk punch and other sweet liquors, the bottles being labelled and sealed by the Head Supervisor ; also the sale to respectable private individuals, for *bonâ fide* private use, of liquor of any strength manufactured at the Distillery.

20. The only changes which affect the Civil and Military Station are—

Changes affecting the Civil and Military Station.

(1) the establishment cess of 6 pie per gallon, which would allow of the relinquishment by the Mysore Government of the percentage contribution now paid by the Civil and Military Station on account of the Distil establishment ;

and (2) the raising of the wholesale price from Rs. 4—6—0 to Rs. 4—6 per gallon, which latter was in force till the beginning of the present contract, when the 4 pies were taken from the wholesale vendor's profits and added to the retail vendor's profits, a consideration which, under the proposed arrangement already referred to, is no longer required in case of the latter.

21. The appended Notification will be published in the official Gazette, in ... and in the leading newspapers in Madras, Bombay and Calcutta.

22. During the past three years, the actual issues throughout the Province (including the Civil and Military Station) and revenue derived from the varying rates of duty actually in force were as follows :—

	No. of gallons issued.	Revenue realized. Rs.
1883—84 ..	255,308	6,88,019
1884—85 ..	264,542	7,41,574
1885—86 ..	263,378	7,47,314
Average	261,076	7,25,636

If the uniform rate of duty fixed for the next contract had been in force in the above years, the revenue which could have been realized was as follows :—

	Rs.
1883—84 ..	8,45,707
1884—85 ..	8,76,295
1885—86 ..	8,72,439

These figures enable me to anticipate a revenue of Rs. 8,64,813 per annum on an average or yearly increase of nearly Rs. 1,40,000.

23. I am of opinion that a further benefit to the revenue must accrue by the adoption of an alternative system of leasing out the monopoly for a term of 5 years, fixing the upset amount below which tenders will not be accepted, at a yearly progressive figure, as shown below :—

1st year	$7\frac{1}{2}$ lakhs.
2nd year	$7\frac{3}{4}$ lakhs.
3rd year	8 lakhs.
4th year	$8\frac{1}{4}$ lakhs.
5th year	$8\frac{1}{2}$ lakhs.

The tender, which offers the most favorable terms in the aggregate for the 5 years, could be accepted. This system would offer great inducement to would-be contractors. It would enable them to enter into favorable engagements with cultivators of jaggory, to invest in the purchase of suitable appliances, to adopt improved methods of manufacture and to produce better arrack at less cost. All considerations point to such a plan as highly beneficial in every way, but before making such a change I must consult the Resident as to his views in regard to its effect upon the Station revenue. If with the Resident's consent this change is finally resolved upon, I would only make the five year contract an alternative proposal, leaving it to the tenderers to tender either for

(1) a three year contract subject to an upset amount of $7\frac{1}{2}$ lakhs;

or

(2) a five year contract subject to progressive upset amounts as follows :—

1st year	$7\frac{1}{2}$ lkaas.
2nd year	$7\frac{3}{4}$ lkhhs.
3rd year	8 lakhs.
4th year	$8\frac{1}{2}$ lakhs.
and 5th year	$8\frac{1}{2}$ lakhs.

MYSORE,
20th December 1886.

K. SHESHADRI IYER,
Dewan.

P. S.—Since writing the above, it has been decided in consultation with the Resident, to leave it to the option of the tenderers, to tender either for a period of 3 years or for a period of 5 years, the upset amount above which the tenders must be made being fixed at $7\frac{1}{2}$ lakhs during the first two years of the contract and eight lakhs of rupees during the remaining year or years of the contract.

2. The accompanying Notification will accordingly be published.

31st December 1886.

K. S.

GENERAL.

NOTIFICATIONS.

31st December 1886.

Tenders are hereby invited for the exclusive privilege of the manufacture and whole sale vend of arrack throughout the Territories of Mysore, inclusive of the Civil an Military Station of Bangalore.

2. The contract for the Civil and Military Station of Bangalore is included in thi Notification with the permission of the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject to th conditions I to XIX specified in para 9 of this Notification. It will not include th manufacture or sale of toddy, of European wines and spirits, or of beer.

4. The rates of duty, inclusive of the local cess of one anna on every rupee of dut as well as the wholesale prices at which the arrack is to be issued by the contractors ar fixed by Government as specified in condition XIII appended to para 9 of this Noti fication.

5. (*a*) The contract for which tenders are now invited may, at the option of th tenderer, be either for a period of three years from 1st April 1887 to 31st March 189(or for a period of five years from 1st April 1887 to 31st March 1892.

(*b*) Every tenderer must specify whether he tenders for the contract for three or fiv years, as well as the amount of minimum revenue which he would guarantee yearly to th Government during the period for which he tenders.

(*c*) No tender will be considered which guarantees to Government a minimum yearl revenue of less than seven and a half lakhs of rupees during the first two years of the cor tract or less than eight lakhs of rupees during the remaining year or years of the cor tract.

6. Each tender must be accompanied by a deposit of Rs. 1,000 in cash or in Goverr ment securities duly endorsed in favor of "the Dewan of Mysore," and enclosed in a cove superscribed with the words " Tender for the exclusive privilege of the manufacture an wholesale vend of arrack," and must be sent to the Chief Secretary to the Dewan a Bangalore so as to reach him on or before Tuesday the 15th February 1887, after whic date no tender will be received. The tenders will be opened at the Dewan's Office b the Chief Secretary to the Dewan and the Deputy Commissioner of the Bangalore Distric at 12 o'clock noon on the 15th February 1887 in the presence of the applicants who ma be present. The final disposal of the tenders will rest with the Dewan who reserves t himself full power to reject any or all of the tenders without assigning any reason. Th deposits made by the applicants whose tenders are rejected will be returned to them c their application. The applicants whose tenders are selected for submission to the Dewa will be required to deposit at once, in cash or in Government securities, duly endorse in favor of " the Dewan of Mysore," a sum equal to $\frac{1}{12}$th (or one month's instalment) the minimum annual revenue guaranteed by them; failing which, the deposit made wit the tenders will be forfeited.

7. The applicant, whose tender may be finally accepted by the Dewan, shall, within days of the acceptance of his tender being communicated to him, deposit with the Deput Commissioner of Bangalore a further sum in cash or in Government securities duly endorse in favor of the Dewan of Mysore, to make up with the deposits previously made, a sur equal to one-eighth of the yearly revenue guaranteed, and shall execute an agreemer in the prescribed form on proper stamp, binding himself to conform to the conditior hereinafter set forth, and if he fails or refuses to sign the agreement or to make th deposit required, the deposits already made will be forfeited to Government and th contract otherwise disposed of.

8. No tender proposing any modification of any of the terms of this Notification l be considered, and every tender shall be in the form appended to this Notification.

9. The contract for which tenders are now invited shall be subject to the following ditions, namely :—

Conditions.

I. (*a*) The minimum annual revenue guaranteed shall be payable to Government in twelve equal monthly instalments. The contractor shall pay into the District Treasury of Bangalore the whole amount of the duty inclusive of the local cess payable to Government at the rates fixed by Government on the arrack issued from the distillery in each month on or before the 15th of the following month.

(*b*) If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the instalment of the minimum guaranteed revenue for that month, the contractor shall pay such further sum as may be required to make up the deficiency. The excess sale of any month shall be available to make up any deficiency in any other month of the same official year. Such portion of the duty on excess sales in any one month as may be over and above the deficiency which may have been made good by the contractor in any previous month or months of the same official year shall be paid into the Government Treasury along with the minimum guaranteed revenue for the month in which duty on excess sales has been realized ; and the payment shall be accompanied by a stamped receipt signed by the contractor or his agent for the amount of duty on excess sales appropriated by him towards reimbursing himself for any deficiency made good by him in any previous month or months of the same official year.

(*c*) If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding ; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor, including cash at wholesale depôts, in the manner provided for by the rules for the time being in force for the recovery of arrears of land revenue. And it shall further be at the discretion of the Dewan upon the report of the Deputy Commissioner of Bangalore to declare the contract cancelled, to direct the forfeiture of the deposit made by the contractor, and to cause the business to be carried on by Government officers or otherwise, at the expense and risk of the contractor, during the unexpired period of his contract.

II. The accounts for each year shall be closed separately. If the duty payable to Government on the arrack issued during the year exceed the minimum revenue guaranteed for the year, the contractor will be allowed a deduction from the duty payable by him equal to 1 anna on every rupee of the amount of such excess. But the excess of one year will not be available to make up any deficiency in the amount of the guaranteed revenue of any other year of the contract.

I. (*a*) The contractor will be required to manufacture within the enclosure of the Government Distillery near Bangalore, or at such other place as may be fixed by the Deputy Commissioner, and to establish wholesale depôts in such places as are specified in condition VII. The distillery and depôts shall be open at all times for inspection by the Deputy Commissioner or any official appointed for that purpose, or by the Head Supervisor or other officer in charge of the Government Distillery for the time being, to whom all the distillery keys duly sealed shall be delivered after work is closed each day, for custody with the guard on duty. No arrack shall be taken out of the distillery until it has been measured and tested by an official appointed for that purpose. The con-

tractor will further be required to pay monthly to Government a rent of Rs. 250 for the use of the distillery buildings and water supply and to keep the said buildings and channels in a state of thorough repair. The Executive Engineer will inspect the buildings and water supply channels quarterly, and note in a book to be kept for the purpose at the distillery, the state of the buildings and channels, and point out what should be done, to the contractor or his agents or employés present. A copy of these notes will be sent to the Deputy Commissioner, and a separate copy shall be communicated to the contractor. If within 15 days after the Executive Engineer's inspection the needful work be not executed by the contractor, the Executive Engineer will at once have the work done departmentally, and the Deputy Commissioner shall recover the cost thereof from the defaulting contractor in accordance with rules for the time being in force for the recovery of arrears of land revenue.

(*b.*) The contractor shall further pay monthly a cess of half anna per gallon on all arrack issued from the distillery, for the up-keep of the distillery establishments and the supervising and detective staff and the contingent charges connected therewith.

(*c.*) The rent for the distillery buildings and the establishment cess specified in the two preceding paras shall be paid by the contractor into the Bangalore District Treasury without fail, along with the monthly khist on the 15th of the month following that for which the same may be due. Failure to do so will entail recovery thereof as an arrear of land revenue under the rules in force for the time being.

(*a.*) The old contractors shall give and the new contractor shall as usual take over any arrack which may remain as stock in hand on the 1st April 1887, paying for the same such compensation as may be fixed by the Deputy Commissioner with the sanction of the Dewan. Such stock shall not ordinarily be in excess of that manufactured monthly on an average for the past 36 months.

(*b.*) Should the new contractor so require, the old contractors shall cease preparing "wash" from the 1st March 1887, and vacate the buildings to admit of the new contractor commencing operations from the same day. Notice to this effect should be given in writing to the old contractors not later than 22nd February 1887. Should no such notice be given, the old contractors will continue distilling only till 31st March 1887, and must by that date utilize all the wash they have on hand.

(*c.*) All apparatus belonging to the old contractors with the exception of any permanent fixtures erected by them shall be removed by them within one week of their ceasing to manufacture under this condition. Failing this, the Deputy Commissioner will cause the same to be removed at the old contractors' expense.

(*d.*) If any stock and block belonging to the old contractors be required by the new contractor, he shall give notice to the old contractors, within the 1st March 1887, of his intention to purchase them at a fair valuation, and in case of dispute, the Deputy Commissioner will decide what such fair valuation shall be. But if no such notice be given within the 1st March 1887, the old contractors shall be at liberty to remove the same leaving the new contractor to make his own arrangements in the matter.

(*e.*) The rules laid down in the condition shall apply *mutatis mutandis*, to the contract for which tenders are now invited.

The arrack manufactured shall be of good quality. The articles used in distilling shall be approved by the Deputy Commissioner and be of good quality, and shall be shown to, and passed by, the Distillery Supervisor or other official appointed for the purpose before being received into the distillery. No in-

gredients obnoxious to health shall be used in distilling or put into the arrack after it has been made, and all the ingredients used shall be in the established initial * proportion or in such other proportion as may hereafter be fixed by Government, so as to ensure a proper control by the officers of Government over the results of the distillation effected by the contractor daily. Standard Saccharometers by Long and Dring and Fage for determining the gravity of the "wash" in its several stages till distilled, shall be kept by the contractor, and a true and correct record maintained for verification and check by Excise officers.

* Three maunds of good cane-jaggory to 2 maunds of date-jaggory or molasses, with 3 seers of good stem bark (red babul, *beladachakke*) per maund of jaggory used. If necessary cane-jaggory alone may be used.

I. The contractor shall keep true and correct accounts in the prescribed forms of his receipts and disbursements, and of the quantity and strength of the spirits manufactured, received and issued in the distillery and in each depôt, and of all the materials received and expended daily at the distillery. The cash accounts of the contractor shall be posted up daily, each item of purchase of stock being duly vouched, and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Head Supervisor, duly attested by the contractor or his agent. He shall produce all such accounts whenever required to do so for inspection by the Deputy Commissioner, the Head Supervisor or any other official appointed for the purpose, and furnish the Head Supervisor with an authenticated copy of such details as he may require from time to time.

II. The distiller shall be bound always to have a month's supply and not less than 16,000 gallons of liquor in store, and in order that this may be the case from 1st April 1887, he will be allowed to commence distilling before that date, provided that no liquor so distilled shall be sold or passed out of his custody or that of his employés before the 1st April 1887, except under passes signed by the Head Supervisor for retention at wholesale depôts intact till the said date. The contractor shall be allowed to have wholesale shops in all Taluk kasabas and large towns and at such other places as may be determined by the Head Supervisor with or in anticipation of, the approval of the Deputy Commissioner within whose jurisdiction they may be situated, and with due regard to the convenience of the retail vendors. The contractor shall keep such wholesale shops always properly supplied with stock, as specified in the Wholesale License Rules. "Short stock" and "no stock" at such wholesale shops will entail double the value of the deficient quantity being levied as a penalty, out of which, the loss if any sustained by the retail vendors will be paid to them. A list of all places at which wholesale shops now exist will be furnished to the contractor on application to the Deputy Commissioner or the Head Supervisor. The contractor shall pay the prescribed license fee of Rs. 2 per shop per month.

III. The contractor shall not sell arrack by retail either in the distillery or in the wholesale shops except as provided for in the rules laid down under Conditions XI and XIII.

X. The retail shops will be under the management of the Deputy Commissioners of the Districts, and in Municipal towns, where so ordered by the Dewan, under the Municipal President or Vice President of such towns. They are competent to order any shops to be closed on grounds of public expediency without any claim to compensation on the part of the contractor or the retail vendor For jatras, santes and festivals, additional time will be freely granted by Amildars to keep open wholesale depôts or retail shops.

(*a*). Licenses in the prescribed form will be issued by the above-mentioned officers for retail shops at all Taluk kasabas, head-quarters of Hoblis, large villages and at such other places in which there may be a public demand therefor as may be appointed by the Head Supervisor with or in anticipation of the

approval of the Deputy Commissioner. All existing shops shall be confirmed. On the 1st April 1887, Amildars will take stock at wholesale depôts, preserving a bottle of liquor well corked and sealed for inspection of the Excise officer. Any addition to, or reduction in, the number of retail shops at any particular place shall be determined with reference to the sales therein.

(*b*). No fee shall be charged for licenses issued for retail shops nor will any charge be levied on account of excess sales in retail shops throughout the Province with the exception of the City and the Civil and Military Station of Bangalore, where the Municipal Boards will continue to levy such rates of license fees and such charge on account of excess sales as may from time to time be fixed by the Government.

(*c*). In lieu of the license fees and the charge on excess sales thus relinquished, a uniform fee of 2 annas per gallon shall be levied upon all liquor issued to places other than the City and the Civil and Military Station of Bangalore. The contractor shall pay this fee into the Government Treasury along with his monthly instalments, and shall be entitled to recover it from the retail vendors in addition to the wholesale price specified in condition XIII. Should the contractor fail to pay the fee as aforesaid, it shall be recovered from him as an arrear of land revenue.

(*d*). The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be nearest to them. They will also be required to permit the contractor or his agent, the Excise officers, or any public servant duly authorized, free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts in the prescribed forms of the quantity and strength of liquor received by them each day, and the prices charged for the same, and to produce the accounts for inspection whenever required so to do by the contractor or his agents, or any Government official authorized to call for them. The contractor, his agents or employés shall not directly or indirectly, have any connection or interest in the retail shops.

XI. The following rules regarding the issue of the arrack from the distillery shall be observed :—

(*a*) No arrack shall ordinarily be issued at a strength above 20° under Proof, but should the contractor or retail vendor desire to issue at a higher strength than the above, the spirit so issued shall not be of a greater strength than Proof. Liquor of strength at Proof shall be issued from the distillery in two dozen quart bottles, four dozen pints and so on for lower denominations of flasks as for English and foreign spirits; and it shall be sold by wholesale to retail vendors in bottles to be provided at the contractor's expense intact as issued from the distillery with the seals and labels affixed on them by the Head Supervisor and under cover of the Head Supervisor's passes. In cases in which breakage in transit may be apprehended, the Head Supervisor will arrange for the bottling and sealing being done by Range Supervisors, to whom adequate supplies of such liquor will be sent from the distillery for the purpose. The retail vendors shall issue such liquor only to respectable persons known to them on separate passes granted by the Head Supervisor to the retail vendors, and both wholesale and retail dealers shall account for such sales separately in the forms prescribed.

(*b*) Should the contractor wish to issue liquor of higher strength than Proof, he should obtain the special orders of the Deputy Commissioner therefor, through the Head Supervisor, who shall quote the same and issue passes accordingly to wholesale shops, and liquor so issued shall be sold and accounted for, as provided in clause (*a*) of this para.

All liquor issued at a strength above 20° under Proof and up to Proof shall be charged the duty on Proof, the rate on above Proof being raised proportionately according to the hydrometer's scales in terms of 10 degrees.

No spirit below 20° under Proof shall be ordinarily issued from the distillery, but should there be a demand for liquor of lower strength than 20° under Proof, liquor at 30° under Proof may be specially issued from the distillery at proportionately reduced rates of duty, such liquor being kept and accounted for separately both in the wholesale depôts and in the retail shops.

he arrack shall be sold as issued from the distillery and shall not be adulterated or diluted in any manner either in the wholesale or retail shops. But distilled water may be used at the distillery under the supervision of the Head Supervisor for the purpose of reducing the strength of the liquor.

The Government duty including the local cess of one anna in the rupee payable on arrack of the strength of 20° under Proof as well as the prices at which the same shall be sold (unadulterated and undiluted) at the wholesale and retail shops are hereby fixed as specified in the following table :—

	Spirits 20° under Proof.											
	Duty per Gallon inclusive of local cess.			Wholesale price per Gallon.			Retail price.					
							Per Gallon.			Per Dram.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
ıout the Province	3	5	0	4	6	4	5	0	0	0	1	8

ı) The prices for Proof and 30° under Proof and the duty chargeable thereon as well as for all strengths over and under those strengths, shall be regulated proportionately on the rates above specified for 20° under Proof in accordance with Casella's rules which accompany each case of Government hydrometers. Nothing in these rules shall preclude the Head Supervisor, upon written application made to him for that purpose, from granting to respectable private individuals for *bonâ fide* private use but not for sale, and to hospitals, museums and other public institutions, liquor of any strength manufactured at the distillery, at wholesale rates of price, in quantities of not less than one ordinary quart bottle.

ı) The contractor may, with the permission of the Deputy Commissioner of Bangalore, manufacture milk-punch or any other sweet liquors under the supervision of the Excise officers, who will see that the duty on the spirit so utilized is fully brought to book ere masked by the addition of saccharine or other ingredients used in the preparation thereof. Such sweet liquors, when duly sealed and labelled by the Head Supervisor at the contractor's expense, may be sold direct from the distillery or placed for sale at retail shops. The prices at which such liquors shall be sold will be regulated by the Excise Department.

7. On account of wastage, a discount or deduction of 2 per cent shall be allowed on the duty payable on liquor issued from the distillery for sale beyond the Municipal limits of the City and Civil and Military Station of Bangalore. The contractor shall insist on the wholesale vendors charging in their accounts only the actual bung and stand wastage so as to ensure the correctness of the accounts.

. The contractor shall cause every person whom he may employ to superintend distilleries or wholesale shops or depôts, to execute, previous to such employ-

ment, such engagements as are compatible with the above conditions, and such engagements shall be deposited with the Deputy Commissioner of the District in which such servant is employed within one month from the 1st April 1887. The contractor will moreover use his best endeavours to secure on the part of all persons employed by him in the manufacture, carriage and sale of arrack, a strict adherence to the provisions of the engagements entered into by them, and of the law, and if it come to his knowledge that a breach of those provisions has been committed; he shall at once, through the Head Supervisor, bring the circumstance to the notice of the Deputy Commissioner of the District in which the breach took place in order that the penalties prescribed for the offence may be enforced. The Deputy Commissioner may summarily fine the offender and may further require the contractor to suspend or dismiss the offender from his service.

XVI. The contractor shall conform to any additional rules that may be prescribed from time to time by the Government, and he shall see that all his employés give full effect to the rules and orders passed by Government for the custody and regulation of the stock distilled and passed out, the cleanliness of all vessels used, the tinning of metal vessels, the watch, ward and sanitary condition of the enclosure and other matters affecting either the Government or the contractor's interests, or both. All still heads, pipes and worms used for the distillation of liquor shall be of cast tin; but if copper heads, pipes and worms are used, they shall be properly and efficiently lined with tin at prescribed intervals.

Sundays and authorized holidays shall be observed as close holidays and no issues made or distillation carried on on such days. Notice of such holidays will be given to all concerned at the beginning of every year.

XVII. If any wilful breach of any of the above conditions is committed by the contractor, or with his connivance and privity by any of the men employed by him in the manufacture, carriage or sale of arrack, it shall be at the discretion of the Dewan, to cancel the contract and declare the deposit forfeited and cause the business to be carried on as provided in condition I.

XVIII. The Government may allow the contractor, subject to such conditions as may be prescribed by Government in that behalf, to manufacture and sell Colombo or other kinds of arrack or liquor, but no deductions shall be allowed therefor on the revenue realized from the ordinary country arrack adverted to in this Notification.

XIX. The powers and duties conferred and imposed upon Deputy Commissioners by the foregoing conditions shall be exercised and performed within the Civil and Military Station of Bangalore by such officer as the Resident may appoint.

10. The following table shows the annual quantity of liquor issued during the past 16 years:—

	1870—71 Gallons.	1871—72 Gallons.	1872—73 Gallons.	1873—74 Gallons.	1874—75 Gallons.	1875—76 Gallons.	1876—77 Gallons.	1877—78 Gallons.	1878—79 Gallons.

GOVERNMENT OF MYSORE.

FINANCIAL.

PROCEEDINGS.

'ated 28*th March* 1887.

Camp No. 2257.
8.

Sanctioning revised Excise Establishment
or the Province costing Rs. 22,984.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 28th March 1887.

AD THE FOLLOWING PAPER :—

Letter No. 931, dated 10th March 1887, from Deputy Commissioner, Bangalore District, submitting for sanction a revised Schedule of Abkari Establishment for the whole Province.

CAMP NO. 2257—8, DATED MYSORE, 28TH MARCH 1887.

ORDER THEREON.—The revised Excise establishment costing Rs. 22,984 per annum for the whole Province as per accompanying statement is sanctioned with effect from 1st April 1887.

2. As recommended by Major Macintire, Mr. J. G. McDonnell is appointed Special Assistant to the Deputy Commissioner, Bangalore District, in the Abkari and Excise Department. His present salary is Rs. 250 and will rise to a maximum salary of Rs. 300 per mensem by the following increments :—

Rs. 25 from 1st April 1888 ;

and Rs. 25 from 1st April 1889.

3. The Assistant Supervisor and Store-keeper whose salary as now sanctioned is Rs. 60 will similarly rise to a maximum salary of Rs. 75 by two annual increments of Rs. 7½ each.

4. The allowances recommended in the accompanying statement for the various officials are also sanctioned.

5. The Deputy Commissioner recommends that Mr. McDonnell should, in addition to the monthly allowance of Rs. 60, be allowed to draw travelling allowances for all tours outside the Bangalore Distillery Head-quarters range. This proposal is reasonable as Mr. McDonnell has to maintain carriage permanently for the inspection of the Civil and Military Station and it is accordingly sanctioned, the travelling allowances being regulated by the rules applicable to Assistant Commissioners.

6. The contractors are required to contribute towards the cost of establishmen at 6 pies per gallon of liquor issued. It is undesirable to fix the amount of this contribution at the same figure for every year of the contract. Whatever contribution i recovered from them in each year will go towards the reduction of the cost of salaries allowances, and increments sanctioned in the preceding paragraphs.

7. The contribution towards establishment payable by the Civil and Militar Station must be calculated in accordance with the Assistant Resident's lette No. 3229-1995, dated 4th December 1886. The account will be settled yearly, th half anna establishment cess collections on Civil and Military Station issue being credited to the Resident, and the establishment contribution payable on account o the Civil and Military Station to the Durbar.

" .

In retransmitting the above, has the honor to explain that the proportions charged in the Bill ar correct.

2. The sum of Rs: 8612-6-7 (as per Office Copy) should have been entered in the body of the bill instead of Rs: 8312-7-3, which was a clerical error made by the Head Munshee, wh

copied the bill. The error has been rectified in red ink in the bill. The particulars called for are noted below.
